

Rawlings Sporting Goods, the leading authentic global sports brand and official equipment supplier of the PIAA, has recently released its latest PIAA-approved soccerball for 2015. The result of a months-long collaborative effort with the PIAA, the Rawlings PIAA-SB1050 soccer ball features updated cosmetics, construction and technology and bears the official PIAA logo.

“Rawlings is a company known for its quality products and we remain committed to maintaining the high standard that the PIAA athletes have come to expect from us,” said Greg Bialis, Rawlings’ vice-president of team sales. “In true partnership fashion, the PIAA has provided us with invaluable feedback that we’ve used to improve and enhance our soccer ball design. It’s very much a win-win situation.”

“We’re confident that our PIAA members will be impressed with the top-level performance of the new Rawlings soccer ball,” said Mark Byers, chief operating officer of the PIAA. “By listening to our coaches and members, Rawlings has demonstrated their dedication to our organization while making the very best product available to our athletes”.

PIAA-SB1050

- Durable TPU cover with premium foam for a consistent soft touch
- Thermal bonded construction that provides a consistent striking surface, locks moisture out, and improves roundness
- Cloth wrapped latex bladder for a more durable and consistent rebound
